

B.O.T.

IMPACT SHEET

Q3 2023

B.O.T. is a social enterprise and impact sourcing platform that offers high-quality data services managed by data experts and executed by a workforce of **2,000+ upskilled individuals from Lebanon and Jordan.**

Our goal is to empower women and youth from low income communities by giving them access to freelance income generation opportunities that allow them to work in their neighborhood without the need to commute or travel. The managed services offered by B.O.T links our community with clients looking to get fast, reliable and high-quality data services.

Since March 2018 and to date, B.O.T has employed hundreds of young workforce members—90% of whom worked remotely—in all regions of Lebanon and Jordan.

The B.O.T Team
